Office of Research and Reports.

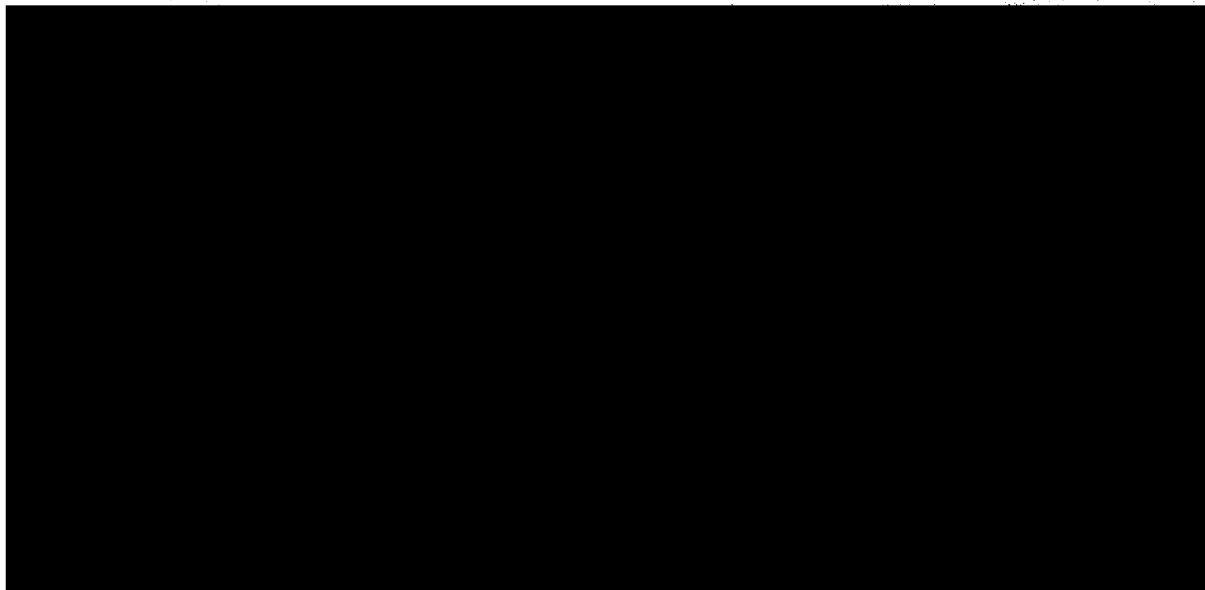

1. Reference is made to memorandum dated 11 May 1955, from the Assistant Director, Office of Research and Reports, to the Deputy Director (Support).

2. The AD/GRR is requesting approval of organizational and functional changes in the Photo Intelligence Division as delineated in GRR Office Regulation dated 2 November 1953. This request provides for an increase of positions and ceiling slots in the presently authorized T/O which changes the total from positions for this Division.

3. It is indicated that Agency requirements for photo intelligence far exceeds the current capabilities of the present Staff of this Division, and on the basis of experience gained since establishment of the Division, a need exists for developing further support to components of the Agency in this field.

4. The following table covers the financial aspects of the proposal, computed at the base of the grade:
